

CHAMPAGNE LUTUN

Brut Cuvée Prestige "Richness, refinement"

A blend in which each of the three grape varieties contributes to the expression of a champagne that is both powerful and refined: 40% Pinot Noir, 20% Pinot Meunier, 40% Chardonnay.

Our Cuvée Prestige is made from grapes grown in the same year.

This cuvée has a nice effervescence with tight, clear colours, indicating a fresh and very vivacious wine of crystalline purity.

The nose fascinates with its complexity and finesse. Combination of the three varieties in perfect proportions gives a nose of white flowers and stone fruits.

The mouth is fresh and subtle, and the minerality is strengthened by a well-balanced fruitiness. Smoothness is characterised by a velvety palate that blossoms into notes of honey, almond and hazelnut.

The unusual shape of the bottle reinforces the unique character of this cuvée.
